

Bugging Pennsylvania for Membership In the ALA

Dear Pennsylvania Bugs

After four months our Pennsylvania bugs are not up to full speed yet. We are still a little weak. We need to brush off our wings and fly high to make goal units.

Congratulations to the 26 units that have made goal.

However there are still 28 units still at ZERO. I am challenging all these units, that have 10 or more members dues paid by February 29, 2012 will be put in for a \$50.00 drawing (each section) at the Spring Executive Meeting.

Don't forget all officers of a unit should have there dues paid prior to being installed. Congratulations to the Western section for being in first place.

Next target date for department is 70% by January 26, 2012 and National is 70% by February 2, 2012. So lets go our Glow Worms Spiders and Bumble Bees and fly high to be goal units.

CAUSE ROSIE THE ROACH is on the move again.

Debbie Taylor

Department Membership Chairman
