

These cute flowers are super easy to make, and they're a great gift to give with an invitation to your Garden Getaway retreat. Or use them on a headband, as a bow on a gift—wherever you need a little pizzazz!

Supplies:

- red felt for the Poppy
- ½ to 1 inch buttons
- hot glue gun
- clothes pins
- scissors
- 1" pin back

Instructions:

1. Take your felt and cut out 6 circles that are the same size (about 3 inches) and 1 smaller circle (about 2 inches) It works best to use something like a jar or a cup to trace the shape of a circle on your felt before cutting!
2. Take one felt circle and fold in half. While holding the felt in half, apply a drop of hot glue to the inside center and pinch with a clothes pin.
3. Keep holding the half circle and fold forward one third, then add another drop of glue in the corner and pinch together.
4. Flip the circle around and fold the opposite side of the felt toward the back and glue. If you look from the top, it should form an "S" shape.
5. Repeat steps #1-4 to make 6 petals total.
6. Place each petal on top of the smaller felt circle so it looks like a flower. Once they are placed, glue each petal to the smaller circle.
7. Take a button and glue it down in the center.
8. Put hot glue on back of 1" pin back and place on the back of the flower.
9. Let cool.
10. Enjoy!
